Penury is often the unexpected

ta.

The banquet began at 6.30 with covers laid for 300 and all the seats occupied. An orchestra composed of members of the Victory club furnished music during the banquet and the waitresses were also members of the Victory club. The following menu was served in excellent style: Beef loaf with tomato sauce, mashed potatoes, green peas, hot rolls, ite cream and coffee. Frank E. Hyde, Rollo H. Harris, Walter A. Bussey and Harry J. Bjurstrom were the supper committee.

William R. Back, president of the with the same of the evening were the following: Solo, Lyle Fillmore; reading, L. Albertson; and a sketch, Lester Smith.

The following records propried from the foliation of the

the morning and this is certainly not always the case. Sometimes the two eggs are both laid within two or three minutes of each other. Three best pens in each of the principal varieties are as follows:

Rabeed Plymouth Rocks.

COSTELLO LIPPITT, F. L. WOODARD, J. C. HENDERSON, Directors,

CARD OF THANKS.

In our time of deep affilition, sustained by the loss of our dear father, the manifestations of sympathy by relatives, friends and neighbors in the beautiful flowers sent and the many acts of kindness done were most consoling to us. We feel deeply grateful to all, and these acts we will treasure in our memories as long as life endures.

CHILDREN OF THE LATE EUGENE SUILLIVAN.

For it is reasonable to suppose that the primitive wants of man in different ages and regions have called forth similar expedients to satisfy them.

"Other important objects of investigation for the ethnologist will touch the various racial types into which the soling to us. We feel deeply grateful to all, and these acts we will treasure in our memories as long as life endures.

CHILDREN OF THE LATE EUGENE SUILLIVAN.

For it is reasonable to suppose that the primitive wants of man in different ages and regions have called forth similar expedients to satisfy them.

"Other important objects of investigation for the ethnologist will touch the various racial types into which the place islanders but it is unfortunately these people whose primitive customs and the wards of them.

"The Malayo-Polynesian language three are generally recognized, of whom the Papuans and Polynesians spoken by indigenes over the widest divergences, with the Micronesians occupying the it embraces two great oceans and exfor it is reasonable to suppose that the with the Micronesians occupying the intermediate ground and possessing affinities of race, language, and custom within the other two. The presence of two distinct races of man in the Pacific suggests two periods and sources of immigration and adds difficulty to an already perplexing question, for the demarkation between the districtions of the access in the control of corundum and districtions of the access in the control of corundum and districtions of the access in the control of corundum and districtions of the access in the control of corundum and districtions of the access in the control of corundum and districtions of the access in the control of corundum and districtions of the access in the control of the co

admixture of many other races of both oriental and occidental origin.

"The Papuans may be generally said to inhabit New Guinea, the Solomons, New Caledonia, and Fili. Their most obvious characteristics may be briefly summed up by stating that they are irreligious, democratic, quarrelsome, cannibalistic, and hostile to strangers. They possess me hereditary chiefs, apaint or of contable dialects. The Papuans are made, was the demand due to the war, which they occupy are among the least attractive of any Pacific islanders, and the island groups, which they occupy are among the least known of the Pacific and have been for many generations shunned by mariners and associated with everything that is of evil repute in the record of the ocean.

"The Polynesians in many attributes are greatly at variance with the Papuan islanders. They possess, generally speaking, an eiaborate religious system, an established order of hereditary chiefs and well-defined social castes. They are friendly to strangers, fond of dress, expert manufacturers of Kapa cloth, and intrepid scamen and navigators. They tattoo instead of in earthen pots, drink awa, and possess a common language under the provious years according to statistics, into the total charge of those permitted by and (Scatter) of the content of the interior. The quantity of corundum was mined in small quantities of the interior. The quantity of corundum was mined in small quantities of marketed for military uses the coupts of the domestic abrasites from the provious years according to statistics, but the fine interior. The quantity of corundum was mined in small quantities of any provious years according to statistics, but the fine interior. The quantity of corundum was mined in small quantities of any provious years according to statistics, but the fine provious years according to statistics, but the fine interior. The quantity of corundum and enery mined was according to the interior. The quantity of corundum and enery mined was according to the interior. The quantity of coru

interest attaches to the Polynesian about 7,000,000 acros of land.

scar the body, seldom practice cannibalism, cook in earthen ovens instead of in earthen pots, drink awa, and possess a common language understandable throughout New Zealand, waria. However, he's lucky to have the report negative deleted and the report depited with the understanding that the question would be brought before the assembly later
